

Tree Survey Addendum

Land adjacent to the Dove Way, Uttoxeter

P/2015/00875

Applicant: East Staffordshire Borough Council

Received 10/06/15

June 2015

- I. The Tree Survey was prepared in 2011 to accompany an outline planning application for the East Staffordshire owned land, and the adjacent land owned by Clowes Developments Ltd.
- II. The site area of the current full planning application was assessed as part of the Tree Survey, and as such the information and recommendations remain valid.
- III. The three significant trees identified on the East Staffordshire Borough Council owned land are not impacted by the proposed layout.
- IV. The layout for the development has additionally made every effort to maintain the existence of the shrubs and small insignificant trees, particularly around the borders of the site.
