

**EAST STAFFORDSHIRE LOCAL PLAN  
EXAMINATION  
Hearing Session – Day 12  
Thursday 21 May 2015  
The Town Hall, Burton upon Trent 10.00am**

**Further Omission Sites in Burton upon Trent and Uttoxeter**

**Agenda**

**General Notes**

- i Omission site promoters have a proper right to appear in objection to the Plan. Those who would object to the inclusion of these sites, including some who may already have objected separately to a planning application before the Council, do not have a right to appear in this Examination because they are, in effect, supporting the Plan alongside the Council. However, it may be of assistance to hear those listed who would be against the omission sites.*
- ii None of the omission sites will be recommended for addition to the Plan if the Plan is found sound without them. In that event, there will be a further opportunity for the Council to consider which additional sites should included, based on further interim findings.*
- iii The Council will introduce each site with reference to a plan to establish precisely the land under consideration with a brief planning history and the Council's comments upon it before the site promoters, as objectors to the Plan, are invited to give their views.*
- iv Where the agenda is in outline only, promoters may put forward their comments and the Council and objectors may respond, with reference to their Position Statements or Original Representations.*
